(c) Stock Option Plan

Shareholder approval for our current Stock Option Plan (the “Plan”) 2004 was obtained at our Annual and Special meeting held on September 10th, 2004. The purpose of the Stock Option Plan is to encourage ownership of Waseco’s common shares by persons (“Eligible Persons”) who are directors, senior officers and key employees of, as well as consultants and employees of management companies providing services to Waseco. It is these individuals who are primarily responsible for the management and profitable growth of Waseco’s business. Management hopes that the Stock Option Plan will advance the interests of Waseco by providing additional incentive for superior performance by all eligible recipients.

The aggregate number of common shares in the capital of Waseco reserved for issuance under the Stock Option Plan is a maximum of 10% of the issued and outstanding shares capital of Waseco at the date of grant. If any options granted expire or terminate for any reason without having been exercised in full, the unpurchased shares will again be available under the Stock Option Plan. As our Stock Option Plan is a “rolling plan”, the policies of the TSX Venture Exchange (the “Exchange”) provide that we must seek shareholder approval of the plan annually. The Stock Option plan is subject to Exchange approval.

Terms of the Stock Option Plan

The following summary is a brief description of the Stock Option Plan and is qualified in its entirety by the full text of the Stock Option Plan, which will be available for shareholders to review at the Meeting:

1. The maximum number of shares that may be issued upon the exercise of stock options previously granted and those granted under the Stock Option Plan will be a maximum of 10% of the issued and outstanding common shares at the time of the grant.
2. Stock options can be issued to persons who are directors, senior officers, employees and consultants of, or employees of management companies providing services to Waseco.
3. The option price of any common share in respect of which an option may be granted under the Stock Option Plan shall be fixed by the Board of Directors but shall be not less than the minimum price permitted by the Exchange or, if the shares are no longer listed for trading on the Exchange, then such other exchange or quotation system on which the shares are listed or quoted for trading.
4. The number of options granted to any one individual may not exceed 5% of the outstanding listed shares in any 12 month period.
5. The number of options granted to any one consultant may not exceed 2% of Waseco’s outstanding listed shares in any 12 month period.

6. All options granted under the Stock Option Plan may not have an expiry dated exceeding five years from the date on which the Board of Directors grant and announce the granting of the option.
7. If the optionee ceases to be (other than by reason of death) an eligible recipient of options, then the option granted shall expire within 30 days after the date that the option holder ceases to be eligible, subject to the terms and conditions set out in the Stock Option Plan.
8. If an optionee ceases to be an eligible recipient of option by reason of death, an optionee's heirs or administrators shall have until the earlier of:
 - (a) one year from the death of the option holder; and
 - (b) the expiry date of the options

in which to exercise any portion of options outstanding at the time of death of the optionee.

9. The Stock Option Plan will be administered by Waseco's Board of Directors who will have the full authority and sole discretion to grant options under the Stock Option Plan to any eligible recipient, including themselves.
10. The options are not assignable or transferable by an optionee.
11. The Board of Directors may from time to time, subject to regulatory approval, amend or revise the terms of the Stock Option Plan.

Accordingly, Shareholders will be asked to consider and, if thought appropriate, to approve, with or without amendment, the following resolution:

Stock Option Plan Resolution

“BE IT RESOLVED that:

1. The Stock Option Plan be approved and that the Board of Directors of the Corporation be authorised in their absolute discretion to establish and administer the Stock Option Plan in accordance with its terms and conditions;
2. The Board of Directors be authorised on behalf of the Corporation to make any amendments to the Stock Option Plan as may be required by regulatory authorities, without further approval of the Corporation's Shareholders, in order to ensure adoption of the Stock Option Plan; and

Any two directors of the Corporation be and are hereby authorized and directed to do all such acts and things and to execute and deliver under the corporate seal or otherwise all such deeds, documents, instruments and assurances as in his opinion may be necessary to give effect to this resolution.”

(d) Approval of Quebec Labrador Trough Uranium Transaction

The following represents the salient points of the Uramin Letter of Intent. A copy of the Letter of Intent will be available for review at the Annual Meeting.

On June 29th, 2006, the Company entered into a Letter of Intent with UraMin Inc. whereby the latter company can earn a 50% interest in the uranium related mineralization contained in the 331 claims held by the Waseco in the Quebec Labrador Trough. In order to earn this interest, UraMin must pay Waseco \$150,000 upon execution of the Letter of Intent (which has been received) and a further \$150,000 on or before the first anniversary. It must also spend \$800,000 in exploration per year (\$1,600,000 in total) during the two year earn-in period. Failure to make the payments or the expenditures in the said time-frames, would result in Uramin retaining no interest in the claims. Waseco is the Operator and UraMin is the Manager during this earn-in phase.

Upon completion of the earn-in, UraMin and Waseco would form a joint-venture and UraMin would become the operator. Within three (3) months following the completion of the earn-in, UraMin may elect to commit to acquire a further 20% working interest in the uranium related mineralization by completing a work program approved a technical committee (representing the parties) leading to the delivery of a bankable feasibility study within 2 years from the election. Failure to deliver the study within the timeframe would result in Uramin's interest remaining at 50%.

Provision has been made for an area of interest whereby any claims acquired within the area would be included in the venture. The Letter of Intent also stipulates that Waseco shall retain 100% ownership of any diamond, base metal or precious metal deposits discovered on the claims that do not occur together with uranium.

On July 26th, 2006, The TSX Venture Exchange gave conditional approval to the transaction, subject to shareholder approval, as called for under Policy 5.3, Section 5 of the TSX Venture Exchange Corporate Finance Manual.

Accordingly, Shareholders will be asked to consider and, if thought appropriate, to approve, with or without amendment, the following resolution:

“BE IT RESOLVED That

the transaction, as set out in the Letter of Intent dated July 29th, 2006, between Waseco Resources Inc. and Uramin Inc. be and is hereby approved.”

(e) Approval of Success Fee

The Board of Directors has thought fit to award a Success Fee of 100,000 common shares of the Company, at a deemed price of \$0.15 per share to A.C.A. (Peter) Howe, Chairman and director of the Company for his efforts and contribution in securing the Quebec Labrador Trough Uranium Transaction. (Mr. Howe abstained from the deliberations and the vote).

On July 26th, 2006, the TSX Venture Exchange gave conditional approval to this award, subject to the approval of disinterested Waseco Shareholders.

Accordingly, disinterested Shareholders will be asked to consider and, if thought appropriate, to approve, with or without amendment, the following resolution:

“BE IT RESOLVED That

A Success Fee of 100,000 common shares of the Company be awarded to A.C.A. Howe at a deemed price of \$0.15 per share for his efforts and contribution in securing the Quebec Labrador Trough Uranium transaction with Uramin Inc.”

Note: Mr. Howe will be precluded from voting on this item; and in order for it to pass, Shareholders must ratify the UraMin transaction.

General

Information contained herein is given as of the Record Date. Except where noted, Management knows of no matters to come before the Meeting other than the matters referred to in the Notice of the Meeting. However, if any matters which are not now known should properly come before the Meeting, the accompanying form of Proxy will be voted on such matters in accordance with the best judgement of the person voting it unless the shareholder has indicated their desire to the contrary. The Directors of the Corporation have approved the content and sending of this Information Circular.
