MANAGEMENT INFORMATION CIRCULAR

Annual and Special Meeting of Shareholders

This management information circular (the "Circular") is furnished in connection with the solicitation by the management of Waseco Resources Inc. (the "Corporation") of proxies for use at the annual and special meeting of shareholders of the Corporation to be held at the time and place and for the purposes set forth in the accompanying notice of meeting (the "Notice of Meeting"). Such meeting is hereinafter referred to as the "Meeting". The information contained herein is given as of August 4th, 2011, except as otherwise noted. The address of the registered office of the Corporation is Ste. 1500, 2 Queen Street East, Toronto, Ontario, M5C 3G5.

SOLICITATION OF PROXIES

It is expected that the solicitation of proxies will be primarily by mail, but proxies may also be solicited personally or by telephone by employees of the Corporation, or persons retained by the Corporation for that purpose. The cost of soliciting proxies will be borne by the Corporation. The Corporation will reimburse brokers, custodians, nominees and other fiduciaries for their reasonable charges and expenses incurred in forwarding this proxy material to beneficial owners of shares. In addition to solicitation by mail, certain officers, directors and employees of the Corporation may solicit proxies by telephone, telegraph or personally. These persons will receive no compensation for such solicitation.

MANNER IN WHICH PROXIES WILL BE VOTED

The shares represented by the accompanying form of proxy (if the same is properly executed in favour of Messrs. Richard Williams and James Richardson, the management nominees, and received at the offices of Equity Transfer Services Inc., 200 University Ave. Ste 400, Toronto, Ontario M5H 4H1, (the "**Transfer Agent**") not later than 4:00 p.m. (Toronto time) on Tuesday, August 30th, 2011 (or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, preceding the time of such adjourned Meeting, or delivered to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof prior to the time of voting) will be voted or withheld from voting at the Meeting and, subject to Section 114 of the *Business Corporations Act* (Ontario), where a choice is specified in respect of any matter to be acted upon, will be voted in accordance with the specifications made. **In the absence of such a specification, such shares will be voted in favour of such matter.**

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the accompanying Notice of Meeting, and with respect to other matters that may properly come before the Meeting. At the date hereof, management of the Corporation knows of no such amendments, variations or other matters.

A shareholder attending the Meeting has the right to vote in person and, if he or she does so, his or her proxy is nullified with respect to matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting or any adjournment thereof.

ALTERNATE PROXY

Each shareholder has the right to appoint a person other than the persons named in the accompanying form of proxy, who need not be a Shareholder, to attend and act for the Shareholder on the Shareholder's behalf at the Meeting. Any shareholder wishing to exercise such right may do so by inserting in the blank space provided in the accompanying form of proxy the name of the person whom such shareholder wishes to appoint as proxy and by duly depositing such proxy, or by duly

completing and depositing another proper form of proxy and depositing the same with the Transfer Agent at the address and within the time specified under "Manner In Which Proxies Will Be Voted" above.

REVOCABILITY OF PROXY

A shareholder giving a proxy has the power to revoke it. Such revocation may be made by the shareholder duly executing another form of proxy bearing a later date and duly depositing the same before the specified time, or may be made by written instrument revoking such proxy executed by the shareholder or by his or her attorney authorized in writing or, if the shareholder is a body corporate, by an officer or attorney thereof duly authorized, and deposited either at the registered office of the Corporation at, Ste. 1500, 2 Queen Street East, Toronto, Ontario, M5C 3G5 at any time up to and including 4:00 p.m. (Toronto time) on the last business day preceding the date of the Meeting or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. If such written instrument is deposited with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

VOTING BY NON-REGISTERED SHAREHOLDER

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares owned by a person (a "**non-registered holder**") are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the non-registered holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. ("**CDS**")) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of this Circular and the accompanying Notice of Meeting together with the form of proxy (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for onward distribution to non-registered holders of shares.

Intermediaries are required to forward the Meeting Materials to non-registered holders unless a non-registered holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to non-registered holders. Generally, non-registered holders who have not waived the right to receive Meeting Materials will either:

- a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the non-registered holder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered holder when submitting the proxy. In this case, the non-registered holder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified; or
- b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the non-registered holder and **returned to the Intermediary or its service company** (or as an alternative, votes may often be registered by telephone or over the Internet), will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the non-registered holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the shares they beneficially own. Should a non-registered holder who receives either form of proxy wish to vote at the Meeting in person, the non-registered

holder should strike out the persons named in the form of proxy and insert the non-registered holder's name in the blank space provided. Non-registered holders should carefully follow the instructions of their Intermediary including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.

AUTHORIZED CAPITAL, VOTING SHARES AND PRINCIPAL SHAREHOLDERS

Authorized Capital and Voting Shares

The authorized capital of the Corporation consists of an unlimited number of common shares (the "**Common Shares**"). As at the date hereof, 30,311,155 Common Shares are issued and outstanding as fully paid and non-assessable shares in the capital of the Corporation.

Common Shares

The holders of the Common Shares are entitled to receive notice of all meetings of shareholders and to attend and vote on the basis of one vote in respect of each Common Share held in connection with each matter to be acted upon at a meeting of the shareholders. Holders of Common Shares are entitled to receive dividends if, as and when declared by the board of directors of the Corporation. In the event of a liquidation, dissolution or winding-up of the Corporation or other distribution of the assets of the Corporation, the holders of the Common Shares will be entitled to receive, on a pro rata basis, all of the assets remaining after the Corporation has paid out its liabilities.

Voting at the Meeting

A holder of record of Common Shares on July 29th, 2011 (the "**record date**") will be entitled to vote such shares in person or by proxy at the Meeting (subject, in the case of voting by proxy, to the timely deposit of his or her executed form of proxy as described herein).

Principal Shareholders

To the knowledge of the directors and officers of the Corporation, there are no persons who beneficially own or exercise control or direction over 10% or more of the outstanding Common Shares at the date hereof.

Executive Compensation

Compensation Discussion and Analysis

Overview

The Board is responsible for setting the overall compensation strategy of the Corporation and for evaluating and approving the compensation of directors and executive officers. The Corporation has not delegated these responsibilities to a separate board committee. The Board of Directors annually reviews the base salary, incentive compensation and long-term compensation for the Corporation's executive officers to determine if the compensation package for executive officers continues to be appropriate, given the status and activities of the business, or if any modifications are required. Factors considered by the Board of Directors in establishing suitable compensation packages for its executive officers include, the early stage of development of the Corporation, the small number of executive officers, financial resources available to the Corporation, competitive factors and the time committed by the executive officer to the affairs of the Corporation.

Objectives of Compensation Program

It is the objective of the Corporation's compensation program to retain highly qualified executives and to link incentive compensation to performance and shareholder value. It is the goal of the Board of Directors to endeavour to ensure that the compensation of executive officers is sufficient to achieve the objectives of the executive compensation program. The Board of Directors gives consideration to the Corporation's contractual obligations, performance, quantitative financial objectives including relative shareholder return as well as to the qualitative aspects of the individual's performance and achievements.

Role of Executive Officers in Compensation Decisions

The Board of Directors will receive and review any recommendations of the President and Chief Executive Officer relating to the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for executive officers.

Elements of the Compensation Program

The Corporation's compensation program comprises (i) base salary or fees and (ii) long term incentives including an incentive stock option plan (the "Plan"). Each component of the executive compensation program is addressed below.

Base Salaries, Fees and Benefits

Salaries or fees for executive officers are reviewed annually based on corporate and personal performance and on individual levels of responsibility. Salaries of the executive officers are not determined based on a specific formula. The Board of Directors considers, and, if thought appropriate, approves salaries recommended by the President and Chief Executive Officer for the other executive officers of the Corporation. As stated above, base salaries are established to retain highly qualified executives. The current compensation programs are significantly less than other junior mining companies and as such are not competitive, however, executives will be compensated through participation in the Plan should there be share appreciation.

The Corporation does not provide any pension or retirement benefits to its executive officers.

Long Term Incentives and Stock Option Plan

The Board of Directors administers the Plan that is designed to provide a long-term incentive that is linked to shareholder value. The Board of Directors determines the number of options to be granted to each executive officer based on the level of responsibility and experience required for the position. The Board of Directors regularly reviews and where appropriate adjusts the number of options granted to individuals and determines the vesting provisions of such options. The Board of Directors sets the number of options as appropriate designed to attract and retain qualified and talented personnel. The Board of Directors also takes account of the Corporation's contractual obligations and the award history for all participants in the Plan.

Option based awards

A description of the process that the Corporation uses to grant option-based awards to executive officers including the role of the Board of Directors and executive officers, is included under the heading "*Compensation Discussion and Analysis – Elements of Compensation Program – Long Term Incentives and Stock Option Plan*" above. Also for an additional description of the stock option plan of the Corporation see "*Stock Option Plan*" below.

The Corporation granted a total of 1 million options exercisable at \$0.25 per share for a period of three years to executive officers during the year ended February 28, 2009. These options have expired unexercised.

Summary Compensation

Securities legislation requires the disclosure of compensation received by each “Named Executive Officer” of the Corporation for the three most recently completed financial years. “Named Executive Officer” is defined by the legislation to mean (i) each of the Chief Executive Officer and the Chief Financial Officer of the Corporation (ii) each of the Corporation’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year and whose total compensation exceeds \$150,000, and (iii) any additional individual for whom disclosure would have been provided under (ii) but for the fact that the individual was not serving as an executive officer of the Corporation at the end of the most recently completed financial year end of the Corporation.

The following table sets forth a summary of all compensation for services earned during the three most recently completed financial years ended on February 28th, 2011 by Richard Williams, who served as President and Chief Executive Officer and James Richardson, who served as Chief Financial Officer, during the financial year (collectively the “Named Executive Officers”).

The value of the option-based award is calculated using the grant date fair values (\$0.08-0.13) multiplied by the number of options granted. The grant date fair value of \$0.08-.013 for each option has been calculated using the Black-Scholes Option Pricing Model using the following assumptions: risk-free interest rate of 2.89-3.30%; volatility of 105 to 104%; expected dividend yield of Nil; and expected option life of 3 years. These options have expired unexercised.

Stock Option Plan

Shareholder approval for our current Stock Option Plan (the "Plan") 2010 was obtained at our Annual and Special meeting held on August 31st, 2010. The purpose of the Stock Option Plan is to encourage ownership of Waseco's common shares by persons ("Eligible Persons") who are directors, senior officers and key employees of, as well as consultants and employees of management companies providing services to Waseco. It is these individuals who are primarily responsible for the management and profitable growth of Waseco's business. Management hopes that the Stock Option Plan will advance the interests of Waseco by providing additional incentive for superior performance by all eligible recipients.

The aggregate number of common shares in the capital of Waseco reserved for issuance under the Stock Option Plan is a maximum of 10% of the issued and outstanding shares of Waseco at the date of grant. If any options granted expire or terminate for any reason without having been exercised in full, the unpurchased shares will again be available under the Stock Option Plan. As our Stock Option Plan is a "rolling plan", the policies of the TSX Venture Exchange (the "Exchange") provide that we must seek shareholder approval of the plan annually. The Stock Option plan is subject to Exchange approval.

EXHIBIT "B"

CORPORATE GOVERNANCE PRACTICES

General

Effective June 30, 2005, National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") and National Policy 58-201 *Corporate Governance Guidelines* ("NP 58-201") were adopted in each of the provinces and territories of Canada. NI 58-101 requires issuers to disclose annually the corporate governance practices that they have adopted. NP 58-201 provides guidance on corporate governance practices.

The board of directors of the Corporation believes that good corporate governance improves corporate performance and benefits all shareholders. The Canadian Securities Administrators (the "CSA") have adopted NP 58-201, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA has implemented Form 58-101F2 under NP 58-101 which prescribes the disclosure required to be made by the Corporation about its corporate governance practices. This section sets out the Corporation's approach to corporate governance and addresses the Corporation's compliance with NI 58-101.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the board, be reasonably expected to interfere with the exercise of a director's independent judgment.

Management has been delegated the responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Corporation's business in the ordinary course, managing cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The board facilitates its independent supervision over management by reviewing and approving long-term strategic, business and capital plans, material contracts and business transactions, and all debt and equity financing transactions. Through its audit committee, the board examines the effectiveness of the Corporation's internal control processes and management information systems. The board reviews executive compensation and recommends stock option grants.

The only independent members of the board currently are Derek Bartlett, Peter Howe and Richard Ekstein. The non-independent directors are Richard Williams, by virtue of his position as the President and Chief Executive Officer of the Corporation, James Richardson by virtue of his position as the Secretary-Treasurer. A majority of the board is therefore-independent.

Orientation and Continuing Education

While the Corporation currently has no formal orientation and education program for new Board members, sufficient information is available and will be provided to any new Board member to ensure that the new directors are familiarized with the Corporation's business and the procedures of the Board. The Board ensures that every director possesses the capabilities, expertise, availability and knowledge required to fill this position adequately.

Ethical Business Conduct

The Corporation has adopted a Code of Ethics (the "Code") in order to encourage and promote a culture of ethical business conduct. The Code is available at the corporate offices.

Nomination of Directors

The Board performs the functions of a nominating committee with responsibility for the appointment and assessment of directors. The Board believes that this is a practical approach at this stage of the Corporation's development. While there are no specific criteria for Board membership, the Corporation attempts to attract and maintain directors with a wealth of business knowledge and a particular knowledge of the Corporation's industry or other industries, which provide knowledge which would assist in guiding the officers of the Corporation. As such, nominations tend to be the result of recruitment efforts by management of the Corporation and discussions among the directors prior to the consideration of the Board as a whole.

Compensation

The directors decide as a Board the compensation for the Corporation's officers, based on levels expected to be less than industry standards and the Corporation's financial situation. The directors currently do not receive any cash remuneration for their acting in such capacity, however, they are entitled to participate in the Corporation's stock option plan.

Other Board Committees

The Board has no standing committees other than the Audit Committee and the Corporate Governance and Compensation Committee.

Assessments

The Board assesses, on an annual basis, the contributions of the Board as a whole, any committees of the Board and each of the directors, in order to determine whether each is functioning effectively.
